Bründlmayer Fizz Blanc

Alcohol-free – Low-calorie – Vegan

Festive, sparkling organic aperitif and alcohol-free food pairing.

The basis of this refreshing drink is verjus and grape juice from our vineyards. In combination with carefully selected ingredients (honeybush, bergamot, rooibos...), it creates a distinctive taste experience. The natural carbon dioxide recovered from the fermentation of our grapes also contributes to the special finesse of Fizz Blanc.

Ingredients

Water, grape juice*, verjus*, honeybush tea*, extract of dried bergamot* and rooibos tea*, carbon dioxide**.

* from organic agriculture

** produced in-house

No sugar added. Contains natural sugar.

Store in a cool, dark place.

Tasting note:

Citrus (verbena) and bergamot with a hint of peppery spice.

Delicately bitter aroma of green grapes. Very fresh and subtly citrusy on the palate, with a touch of balancing sweetness, smooth drinkability, and a finely spiced, subtly mineral finish.
